# ABOUT US

## BHARAT CONSTRUCTION

Bharat Construction, is a public development organization represent considerable authority in everyday contracting, development the executives, plan assemble, and self-performing dividers and roofs administrations. Since our commencement, we've prevailed by giving a wide scope of development answers for our customers and conveying a ton of value work.

We take immense pride to describe ourselves as one among the few reputed business groups in Aurangabad, Maharashtra who have completed huge Government & Private projects. We believe in backward integration & with rich industry experience in infrastructural development, in-depth knowledge about architectural construction and unremitting efforts in formulating a 360° Plan, we have gauged huge demand among the public as well as private sector companies.

## OUR MISSION

Great Infrastructure & healthy non-adulterated food are fundamental requirements of a good & healthy society to make a solid strong nation. We are here to provide these two needs in a cost effective and most ethical ways.

## OUR VISION

We believe India has a potential to be the superpower in recent years & emerge as country which can lead the world towards innovative, cost effective, clean & green approach. We are playing our part in this journey of making India a superpower.

## APPROACH

Our Company is driven by certain policies & we believe that these policies are our driving force. These policies made our decision making process simple. In our organisation we believe everyone is special & no one is special. Everyone is accountable & responsible for the task he is handling.
